

PI-RF50

PV-500HDW/ Pro Remote Control

Feature

- * **Wireless RF Remote Control Switch Transmitter+ Receiver to control the PV-500HDW Pro remotely**
- * **Stable performance and simple to use design**
- * **Easy operation with Red/ Green/Blue LED indicator**
- * **Vibration alert gives you instant feedback for the device status**
- * **Rechargeable batteries for the transmitter**
- * **Operating range up to 10 metres**

Specification

Frequency Range	470MHz-510MHZ
Frequency Shift Keying	FSK/GFSK
Power Supply	Direct 1.8~3.6V
Current Consumption	Tx \leq 18mA , Rx \leq 8mA , Standby \leq 6mA
PI-RF50 TX Battery	200mAH , Standby hour: 18-20 Hour
Transmitted Power	0~+20dBm
RX Sensitivity	-115dBm@10Kbps
On-Air Data Rate	2k~250 kbps
Operating Temp	-35 $^{\circ}$ C ~85 $^{\circ}$ C
